WHAT ARE THE BENEFITS OF HEALTH INSURANCE?

BENEFITS FOR EDUCATIONAL CENTERS

- › We take care of your international students: Having the best health insurance is essential to cover the possible medical needs they may have during the training period in the country of destination.
- › We cover the legal requirements that some countries of origin demand for the management of visas.
- › We reduce administrative management - Ease in the management authorizations and cancellations, invoicing, etc.
- › We help improve the corporate image and social responsibility of training centers with international students by offering a high value benefit (the vast majority of international students do not have access to the public health system).

BENEFITS FOR STUDENTS

- › They will have Cigna, a multinational health insurance company that will help them improve their health.
- › All medical needs that may arise during their training in Spain shall be covered. The health insurance hired in the country of origin does not usually cover the medical contingencies that occur in other countries.
- › We speak the same language as international students:
 - Product and use guides in English.
 - We have a bilingual English / Spanish Customer Service inhouse team.
 - Possibility of selecting healthcare professionals depending on the language
- › Access to a high-quality medical network:
 - Ample of medical network. - More than 1,900 clinics and hospitals and 43,000 medical professionals.
 - Access to medical services in all specialties with practically no waiting lists.

WHO IS IT DESIGNED FOR?

- › **Non-resident international students enrolled in training centers in Spain.**

WHY CIGNA?

Oncampus Healthcare ESADE covers the health needs of foreign students during their training period in Spain. We know their needs and we provide response:

- › 100% coverage of medical expenses within the Medical Network of Cigna, without limit.
- › **Free choice of doctor or specialist within the agreed medical network.**
- › Access to easy-to-use medical coverage; by presenting the insured card they shall have access to any coverage without requiring authorization ¹.
- › Extended hours of consultation.
- › **With no waiting periods.**
- › Reimbursement of part of the following expenses:
 - Pediatrics and Gynecology expenses for specialists outside the Medical Network.
 - Pharmaceutical expenses outside the hospital for generic products.
- › Psychology included in coverage.
- › **Repatriation of mortal remains to the country of origin of the insured.**
- › Health and wellness assessment, in addition to personalized advice to improve day-to-day health.
- › Free dental services (consultations, simple extractions, periapical radiographs, annual oral cleaning, annual orthopantomography).
- › Free services included (Second Medical Opinion, 24 hour Telemedicine, Nutrition Service, Psychological Orientation, etc ...)
- › Access to Cigna + Salud services at special prices: laser refractive surgery, medical and sports check-ups, etc ...

We help our clients lead a healthy and safe life. We provide them the tools to take care of their health and achieve optimal results.

¹ Cigna does not require prior authorization from its insured persons, except in case of surgery, hospitalization and certain diagnostic tests. Some centers may request authorizations for certain tests and / or treatments, although Cigna does not require it.

OTHER BENEFITS INCLUDED

CIGNA 24 HOUR TELEMEDICINE

Our team of doctors solves medical doubts anytime 365 days a year. This service is especially useful for obtaining advice in situations, urgent or not, in which the support, advice and / or coordination of a doctor is required, always in simple and close language.

SECOND MEDICAL OPINION

In case of serious illness, it is highly convenient to have a second diagnosis and to know the most advanced therapeutic alternatives. Specialists of recognized international prestige will study each case in a customized way to give an answer without the need for travel.

TRAVEL ASSISTANCE

No matter where they are, our insured persons receive, in case of emergency, medical assistance during their time abroad thanks to one of the highest coverage on the market, medical transfer or repatriation of mortal remains.

PSYCHOLOGICAL ORIENTATION

This service allows psychological consultations (anxiety, emotional relations, depression, stress, etc.) by telephone. Our team of psychologists attend to you in a personalized way and with absolute confidentiality, in addition to following up on each query.

TELEPHONE NUTRITION ADVISER

Our nutrition specialists help our clients maintain a proper dietary balance by advising them to understand what foods are healthier and recommended.
